TUFCOT

Manufacturer of Composite Materials

Tufcot® T100 Marine - DNV & Lloyds Approved

Tufcot is a Lloyds & DNV Type Approved approved supplier of Rudder and Rudder Pintle bearings for our grade T100 Marine.

Now Tufcot has these accreditations, it will allow our current and new customers to have the confidence to promote the Tufcot material as a material that has achieved accreditation status.

Tufcot Marine Stock Tube Sizes

Key Benefits

Key benefits of the DNV & Lloyds accreditations include:

- Same day or next day delivery on T100 Marine tubes
- Confidence in the Tufcot brand and the Tufcot® material
- Test figures allowed the Lloyds approval to be at a maximum pressure of 10N/mm^2
- Rapid turnaround of marine grade approved tubes to help vessels during dockings
